Top iPhone Apps for November

Posted by Anita on December 23rd, 2009 at 08:03am [Comments](#)

Envio Network has released a list of ranking the apps for [iPhone](#) by popularity. You may know the name Envio by their creation of the [iPhone app](#) Chorus. Chorus is a fairly new app released at the beginning of November. This app actually find other [iPhone apps](#), lets users see reviews from other users, and provides a real time feed showing the apps friends recently downloaded.

According to their data the top ten most popular apps in November were FunMail which analyzes text messages and converts them to images; AccuWeather, ShopSavvy, and redbox were tied coming in right after FunMail for free apps.

In the paid group, the top app was TouchDJ. After that came Ravensword, the Fallen King, AppButler-App Organizer, Garters & Gouls, and [Trillian](#). The top ten apps most popular among Chorus users which were not seen on other lists included Eliminate Pro in the number one position with the apps being Shazzam, Gowalla, Loopst, and WhatsApp Messenger.
