*North American iPhone users now have a wide range of funny songs to showcase during the Holidays*

**Pleasanton, CA – November 6, 2008** – FunMobility, a leading provider of innovative wireless community and media services, today announced the launch of a new Holiday Ringtones application that's now available exclusively for the iPhone. iPhone customers can download some of today's funniest and most outrageous Thanksgiving, Christmas, and New Year's ringtones, which aren't available anywhere else.

Some of the more popular ringtones include Christmas-themed songs such as "Thugged out Christmas," "Hillbilly Christmas," and "Baby Jesus is calling." Thanksgiving ringtones are also guaranteed to turn some heads with "Turkey Gobble," "Shoot That Turkey," or "Retro Meaning of Thanksgiving." Customers to the service can change a ringtone at any time so that the content always remains seasonal and theme-appropriate.

"The holidays are all about relaxing and having a good time, whether that's sharing a funny story with a friend, or playing a new song for a family member," said Adam Lavine, CEO of FunMobility. "Our latest Holiday Ringtones are sure to be a popular way for people to take part in the fun and laughs during the holiday season, and it's likely to bring out more than a fair share of some memorable family moments."

FunMobility's direct-to-consumer website, [FunMo.com](http://FunMo.com), will power the Holiday Ringtones application, which can be downloaded directly from the [iTunes Store](http://iTunes Store) for \$4.99. Additionally, Holiday Ringtones are available on [www.funmo.com](http://www.funmo.com).
